PROFESSIONAL SUMMARY

Motivated and skilled Software Engineer proficient in web development, data structures, and algorithms combining technical expertise with a keen eye for aesthetics.

EXPERIENCE

Frontend Developer

Jun 2025 – Present

QHills Technology Pvt Ltd.

Satara, MH

- Built and optimized **responsive applications for desktop, mobile, and web platforms**, ensuring seamless performance, cross-browser compatibility, and mobile-first design principles.
- **Integrated and tested REST APIs** using Postman, implemented robust error handling, and optimized data fetching for faster load times and smoother user interactions.
- Developed **scalable, reusable UI components** with attention to accessibility, maintainability, and consistent design patterns across large-scale projects.
- Collaborated with designers and backend teams to deliver **accessible, SEO-friendly, performance-driven applications**, applying best practices in code quality, version control, and performance optimization.

PROJECTS

Aesthetix | *React.js, Tailwind CSS, PostgreSQL, Vercel*

[code](#)

- Built a visually striking web app that overlays stylized text on images and displays text behind images, using React and Tailwind CSS for a clean, responsive UI.
- Implemented Supabase for backend services including data storage and user authentication, with Vercel for deployment.

AI Chatbot using Gemini | *React.js, Node.js, Express.js, MongoDB, Gemini AI*

[code](#)

- Developed an AI chatbot using Gemini AI, capable of addressing a diverse array of user queries with high precision and relevance.
- Employed advanced natural language processing techniques to enhance response accuracy and ensure engaging, contextually appropriate interactions.

Social Network App | *React.js, Node.js, Socket.IO, MySQL*

[code](#)

- Developed a social network application with user profiles, messaging, and social interaction features, focusing on secure authentication and user engagement.
- Implemented performance optimizations and responsive design to enhance the overall user experience.

TECHNICAL SKILLS

Languages: C++, Java, JavaScript, TypeScript, HTML/CSS

Frameworks: React, Next.js, React Native, Express, Node, REST APIs, Tailwind CSS

Database: PostgreSQL, MongoDB, MySQL

Developer Tools: Git, Github, VS Code, Postman, ThunderClient

Achievements & Extra-Curricular Activities

- Solved **200+ coding problems on LeetCode**, earning the **100-Day Badge streak**.
- Founded a **coding YouTube channel** to teach programming concepts, problem-solving, and development tutorials.
- Active participant in **coding competitions** and assist peers with debugging and problem-solving.

EDUCATION

Shivaji University, Kolhapur

Bachelor Of Computer Application (BCA)

Mar 2022 – Apr 2025

CGPA: 8.27
